*Notes: Trim the 12x12 White Cutparts into sections as indicated by the cutting guidelines. Remove the Ivory die cuts from the parent sheet. Fold all cards along score lines and reinforce creases with a bone folder. Before making creases, check to make sure that all edges are aligned.*

*The edges of many finished cards, panels and die cuts have been colored with ink. This step is optional, and the directions to ink edges are not included below. For a softer look, ink with a sponge or stylus tool with blender tip. For a bolder effect, ink directly from the pad onto the card.*

*If you do not have an item required to complete a card, simply omit the step or substitute the item.*

**Set A: 4x5-1/2" White Cards with 3-3/4x5-1/4" Black and 3-1/2x5" Grey Translucent Panels**

**Card #1**

- White Card with Black and Grey Translucent Panels
