1. Trim the 8.5x11 Green Print vertically at 6." Rotate the 6x11 piece horizontally and cut at 9 and 4.5." Place the 2x6" strip into the trimmer at 4 and 2" and cut; this will give you three 2x2 squares.

- Place the 8.5x11 Brown Plain into the trimmer vertically at 6.75. Rotate the 6.75x11" piece horizontally and cut at 7.

- Place the 1.75x11" Brown strip vertically onto the right side of the 12x12 Brick Print, about .5" from the edge. Layer the 2.25x11 Green Print strip next to the Brown strip, allowing a .5" reveal, as shown.

- Place the 6.75x7" Brown Plain horizontally onto the left center of the page. Layer the 4.25x6.25 Green photo matte along the top of the Brown piece; add the three 2x2 Green Print squares under the Photo Matte, spacing them evenly.

5. Punch out the “Friendship...” die cut tag and thread with a 14” length of grey fiber; affix horizontally along the bottom of the page and wrap ends around to the back.

6. Place the 4.25x6.25 Brown Photo Matte vertically into the left bottom corner of the remaining 12x12 Brick Print and attach. Affix two 4.5x6 Green photo mattes horizontally onto the right side of the page, placing one over the other.

7. Punch out the small Brown frame and the large Brick frame from the die cuts; layer the two frames and attach horizontally to the left top center of the page.

And the finished layout with photos added...

I really like the grouping of the 4x6 photo and three smaller photos on the left side of the layout. I'm going to use that formula again! In filling in the frame overlay on the right page, I simply trimmed the photo to the size of the opening and attached, rather than pulling off the frame overlay. Worked like a charm. The photos are from a trip to the Netherlands to teach stamping classes.

1. Identify the divided sections of the 12x12 Green Print. Trim each printed section into an individual piece. Consult the diagram below for cutting guides, if needed; or simply trim along divided sections.

2. Attach the 4.25x9.75" Green Print horizontally to the top left corner of the 12x12 Brown Plain. Affix the 2.25x4.25 Green Print vertically at the bottom right corner and the 2.25x7.75 Green Print horizontally along the bottom center of the page.

3. Center two 4.25x6.25 Brick Plain Photo Mattes vertically onto the page.

4. Nest the large Brown oval frame with the corresponding Brick oval frame and attach to the left Brick photo matte.

5. Attach the 2.25x9.75 Green Print strip vertically along the left side of the 12x12 Green Plain and the 5.5x9.75" Green Print vertically on the right side, .5" from the edge

and 2" from the top of the page.

6. Punch “Joyful” from the Green die cut tags and thread with the Brick fiber. Attach the embellishment to the 4.25x6.25 Brown photo matte .5” from the bottom and tie with a bow on the left side; wrap and affix the ends of the thread onto the back of the photo matte. Attach the matte to the lower left side of the page.

7. Punch out and affix the “Sing” die cut tag to the upper right corner of the Brick photo matte. Attach vertically next to the Dark Brown matte. Finish by placing the remaining 4.25x6.25 Brown photo matte on the upper center of the layout. Nest the large Brick die cut oval frame with the corresponding Brown oval frame. Layer onto the Brown photo matte.

.....and the finished page!

I like the freedom of the open space on the top left page...use it to heart's content! I didn't have many things handy when I created the page, so I stenciled some leaves from the Ivory Elegance stencil and added one of the large stickers from the same kit. The photos are from the 2005 retreat, and have been patiently waiting for a home on a page. I treasure the photos taken with my mom!

1. Trim the 12x12 Brick Plain at 11.25, 10.5, and 6.5". Rotate the 4x12" piece horizontally and cut at 6."

- Place the 8.5x11 Brick Print vertically into the Trimmer and cut at 5.25." Rotate the 5.25x11" piece horizontally and cut at 7.25."

- Cut the 8.5x11 Brown Plain vertically at 4.25"; stack and rotate horizontally in the Trimmer and cut at 5.5" to make four 4.25x5.5" Brown Photo Mattes.

- Attach the .75x12 Brick Plain strip vertically 1.5" from the left side of the 12x12 Teal Print. Place two 4x6 Brick Plain Photo Mattes horizontally onto the lower right corner of the page.

5. Place the 4.25x5.5 Brown photo matte vertically in the upper left corner. Nest a small die cut Brown window frame onto a larger corresponding Brick frame and place horizontally beneath the Brown photo matte.

6. Locate the large Brick and smaller Brown die cuts from the window frames, layer and attach to the top center of the page, above the Brick photo matte.

7. Attach the .75x12 Brick Plain strip vertically 1.5" from the right side of the remaining 12x12 Teal Print.

8. Place the 5.25x7.25 and 5.25x3.75 Brick Print pieces vertically onto the left side of the page.

9. Attach two 4.25x5.5 Brown Photo Mattes vertically onto the top of the page.

10. Locate the Brown and Brick oval shapes from the die cut frames. Layer Brown onto Brick, thread with black ribbons, and attach below the two photo mattes. Wrap ribbon ends around to the back of the page and secure with tape.

11. Attach the nested Brick and Brown window and window centers to the layout as shown.

I only had a few pictures of McKenna from Easter 2004...but the colors were working so well with the paper combo. I incorporated some journaling, a few Collections die cut tags, and stickers from the Ivory Elegance kit.

How did it all come together?

Mom joined me on a trip to Nashville, TN, when I was still taping live shows with the Shop At Home Network. We took the “shopping” part of the trip quite literally and ended up at Chico’s and Opry Mills Outlet Mall. We had a blast together! I’d like to go back and ink the edges of all of the papers and mattes to add a little definition into the layers.
